

```
package week05Assignment;

public class AsteriskLogger implements Logger {

    @Override
    public void log(String log) {
        System.out.println("***" + log + "***");
    }

    @Override
    public void error(String error) {
        System.err.println("*****"+ "\n" + "***error:" + error + "***"
+ "\n*****");
    }

}
```
